| Name of the institute     | Department of Archaeology, University of York |  |  |  |  |
|---------------------------|---|--|--|--|--|
| / department / laboratory |   |  |  |  |  |
| Address                   | King's Manor, York, YO1 7EP, UK               |  |  |  |  |
|                           |   |  |  |  |  |
| Website                   | http://www. york.ac.uk/archaeology            |  |  |  |  |

| Available marine geophysical equipment | No | Yes | Туре | Used for archaeological purposes |
|--|----|-----|------|----------------------------------|
| Side-scan sonar                        | X  |     |      |                                  |
| Multibeam                              | X  |     |      |                                  |
| Subbottom profiler                     | X  |     |      |                                  |
| Lidar                                  | X  |     |      |                                  |
| Electric or electromagnetic            | X  |     |      |                                  |
| Gradiometric                           | X  |     |      |                                  |
| Coring devices                         | X  |     |      |                                  |
| Other (specify)                        |    |     |      |                                  |

| Available observational    | No | Yes | Type | Used for archaeological |
|----------------------------|----|-----|------|-------------------------|
| equipment                  |    |     |      | purposes                |
| HOV (manned submersible)   | X  |     |      |                         |
| ROV                        | X  |     |      |                         |
| AUV                        | X  |     |      |                         |
| Camera (remotely operated) | X  |     |      |                         |
| Video (remotely operated)  | X  |     |      |                         |
| Scientific diving          | X  |     |      |                         |
| Other (specify)            |    |     |      |                         |

| Available lab/analysis | No | Yes | Type                           | Used for archaeological |
|------------------------|----|-----|--------------------------------|-------------------------|
| technology             |    |     |                                | purposes                |
| Multi logger           | X  |     |                                |                         |
| Core (color) scanner   | X  |     |                                |                         |
| C14                    | X  |     |                                |                         |
| OSL                    | X  |     |                                |                         |
| Pollen                 | X  |     |                                |                         |
| Diatoms                | X  |     |                                |                         |
| Forams                 | X  |     |                                |                         |
| Dendrochronology       | X  |     |                                |                         |
| Other (specify)        |    | Х   | Amino Acid Racemization dating | Yes                     |

| Teaching and/or training       | No | Yes | Level (Bsc/Msc/) | Specifications |
|--------------------------------|----|-----|------------------|----------------|
| possibilities at the institute |    |     |                  |                |
| Archaeology                    |    | Х   | BA/BSc, MA/MSc   |                |
